# TRUE QUANTUM RANDOMNESS CERTIFICATE

WE HEREBY CERTIFY THAT

- The Quantis True Random Number Generator with serial number 171305 4AG10 is a quantum random number generator.
- The sequences of random numbers it produces
  - pass all industry standard statistical test suites, and
  - cannot be predicted, and
  - cannot be reproduced.
- It has been tested according to ID Quantique's rigorous quality assurance processes.
- It has been type-tested in conformance with the certificate n. 151-04687 of the Swiss Federal Institute of Metrology METAS.
- It has ~~been~~ / not been type-tested in conformance with the AIS 31 methodology.
